It's Your Credit Union - You're Invited

The RGFCU's 2005 Annual meeting is your credit union's opportunity to show appreciation for your support and membership. And, it is your opportunity to learn about the progress that has been made, and our plans for the future.

But more importantly, members of the Board of Directors will be elected. We also need your ideas, comments, suggestions, questions, and concerns—it's what makes your credit union a very special financial institution.

So, mark your calendar! We will look forward to seeing you and your family there.

Have You Been Thinking About Purchasing a Home or Refinancing Your Current Mortgage Loan?

The RGFCU is pleased to provide a full array of mortgage programs for both refinancing and home purchases through our business alliance with Pacific Cascade Mortgage Company, LLC (PCCMC). Experience the same professional and courteous service you receive from your RGFCU family when you work with Bonnie Smith at PCCMC. With over 15 years of real estate experience, Bonnie will help you through the maze of mortgage options. Plus, never worry, as a credit union advocate, she will ensure that you get that "credit union" family service you expect and appreciate.

How about an Adjustable Rate Mortgage (ARM)? ARMS can provide you a great opportunity to get into a new home or refinance your current home mortgage at lower interest rates than current fixed rate programs. The benefits include: Lower monthly payments, credit union financing, automatic payment option through the RGFCU, up to 30-year amortizations, and initial fixed rates for 3, 5 or 7 years. ARM programs also fit the bill if you are seeking shorter-term savings or won't be staying in your home for a long period of time.

If an ARM doesn't work, let us give you another helping hand and look at fixed rate mortgage loans. With a fixed rate term of 15, 20 and 30 years, there is a program that is just right for you.

Don't wait any longer - Give us a call at 988-9059 or stop by the RGFCU so we can discuss what options may best fit your financial needs.
